

CCAЕ NOVEMBER GENERAL MEETING

LEGISLATIVE PANEL DISCUSSION

- Are you concerned about what is in our future?
- Are you concerned with the funding of public education and how it affects you and the children of Georgia—salary, health insurance, furloughs, merit pay, class size?

Come join us and hear what our Cobb legislators have to say about the upcoming legislative session.

Be there to ask those burning questions and to let our legislators know how you feel about the issues.
